

The Children's Partnership joined this letter of support by the First Focus Campaign for Children on their work with Representative Danny Davis (IL) in the House and Senator Menendez (NJ) in the Senate on the Children's Budget Act – H.R. 1602 and S. 1396. The legislation would call for the Office of Management and Budget (OMB) to annually produce a full and deliberate accounting of all the money the federal government spends on and for children.
