

In Time to Send Their Kids Back to School Healthy

Comprehensive Health, Dental, Vision Coverage for Children in Low-Income & Working Families

Oakland - For the first time in California, families preparing for the new school year can apply, on their own, for free or low-cost health coverage through the Medi-Cal and Healthy Families programs for their children online using Health-e-App, an online application tool. Health coverage can ensure that children have the immunizations, physicals, and other routine & preventive health care services they need to be able to do their best in school.
